oI voted for the Patient Protection and Affordable Care Act (PPACA) to ensure accessible, affordable, and quality healthcare for all Americans.

oConsiderable changes are already occurring throughout the health care industry. Given the scope and breadth of PPACA, I am committed to networking those organizations and service providers in our region who are dedicated to offering comprehensive health care resources throughout the community.

oThis event will include health care providers, insurance companies, business owners, seniors, families, students, federal, state, and local government agencies, and non-profit organizations.

RSVP on my website <http://www.sestak.house.gov> as an exhibitor/participant by Saturday July 24th at 5 o'clock pm. If you prefer, you may contact my District Representative, Laura Ness, at laura.ness@mail.house.gov or by phone at (610) 892-8623.

I look forward to seeing you at the 7th *Congressional District Healthy Families Resource Fair* on Saturday, August 7th, 2010.

Sincerely,
